

SHIPPING CONTAINER CONVERSIONS

KC Cabins Solutions Ltd specializes in providing modular and portable buildings, cabins, as well as shipping container conversions.

With great, modern designs and meticulous attention to detail, our buildings are energy efficient and built with high-quality materials.

For More Details, A No Obligation Quote, Or Advice Ideas, Message Us or Call Us On 01782 561 110

OFFER

We deal with everything that is associated with a widely understood adaptation of shipping containers. From simple changes of design and styling in event containers, through the preparation of storage and catering functionalities, to all-year residential facilities.

We were doing among others: showrooms, offices, weekend houses, mini apartments but also a mobile stage, engine room, food shops, a kite surfers base, exhibition stalls. We also have ready-made models that we can quickly install at the customer.
